The Home of Wooltex, Queen Quality, Walk-Over.

THE home without a piano lacks the soul that
music gives. You have noticed it yourself a
hundred times, perhaps. How much more in-
teresting is the home of the friend who has a piano
than other places you go, where there is never any
music. Compare, for instance, the hour's struggle
to make "small talk" interesting with two or three
hours that are gone in a twinkling, when some one is
playing the piano and others are singing between
times. How much easier it is to entertain the friend
you like, and much less of a bore to pass the time with
some visitor you don't like when you can sit down to
the piano and play for them. And, now-a-days, al-
most any one can own a piano. In my line of pianos
are comprised seven standard makes, ranging in grade
from the cheapest that is good to the best that is
made. My line is especially strong in reliable, dura-
ble, "Quality" pianos, and owing to the unusual buy-
ing and selling facilities it is possible to purchase a
high grade piano at a low grade price. Convenient
terms of payment may be arranged and every detail
of the transaction may be made to meet your require-
ments completely. Investigation invited. Our sell-
ing plan, catalogues, prices, etc., may be received
upon application.
